

NO FILIBUSTER ON ARMY BILL

Both Democratic and Republican Senators Disposed to Avoid Needless Delay

PROTECTS DANIELS FROM HECKLERS

Secretary Is Allowed to Tell House Naval Committee of Navy's Needs

Washington, March 31.—Senate leaders yesterday expressed the belief that two weeks would suffice to pass the army reorganization bill through the upper House. The discussion thus far tended to show that both Democrats and Republicans were disposed to pass it without needless delay.

It is expected that senators as a rule will cut short speeches on the general subject of preparedness to avoid night sessions and get down quickly to the real work of considering the bill section by section. The temper of the Senate seems to be to pass the bill which will be at least as strong as the Chamberlain bill in its original form.

Moreover, it is predicted in many quarters that the Senate will stand by its guns, and that the House will finally accept a measure from conference which will be much stronger than the Hay bill.

Discussion to the army bill thus far has indicated that among the chief points of controversy will be the federal volunteer legislation, the aviation service, government manufacture of munitions, vocational education for army, and the reserve.

Approximately 234,482 citizens of military age in the United States now outside the army have had military training. This estimate was transmitted yesterday by the war department to the Senate in response to a resolution.

Attorney General McLean reports 67,765 men passed out of the army after three years service between 1906 and 1915. Of these 6,893 were deserters and others who left without honorable discharges. There are 126,400 men who served and passed through the organized militia during that period and 40,317 who graduated from some civil educational institution where they received instruction satisfactory to the war department.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush off the body's urinous waste, or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated, and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful, effervescent, lithia-water drink, which everyone should take now and then, to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

To Cure a Cold in One Day

take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Adv.

BELLANS

WHEN TONGUE IS COATED

your liver is torpid and is affecting your stomach and bowels. To rouse your liver, take the little, purely vegetable and in-all-ways satisfactory Hood's Pills. They relieve biliousness, constipation, all liver ills. Do not irritate nor gripe. Price 25c., of druggists or C. I. Hood Co., Lowell, Mass.

NEW RECORD IN EXPORTS FOR AN AMERICAN PORT

Domestic Merchandise Valued at \$220,246,021 Left New York Last Month.

New York, March 31.—Exports of domestic merchandise valued at \$220,246,021, shipped through the port of New York during February, established a new record in exports for a single month from any American port, according to figures made public here yesterday by customs officials.

The next highest month, as shown by the records of the New York customs authorities, was November, 1915, when merchandise to the value of \$188,038,458 was shipped abroad. February, 1915, showed exports valued at \$109,493,487. Imports during February this year were valued at \$103,084,535, against \$71,015,866 for February, 1915.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of sage tea and sulphur enhances its appearance a hundred-fold!

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

NEW CANADIAN BONDS BRING GOOD PRICES

\$75,000,000 Loan Floated By Americans Traded In On the Stock Exchange.

New York, March 31.—The \$75,000,000 5 per cent Canadian government loan recently floated by a syndicate of American bankers was formally listed and traded in on the stock exchange yesterday. The bonds are divided into three equal parts of \$25,000,000 each, maturing in 1921, 1926 and 1931. The latter issue was the most active in yesterday's trading, selling at 96 1/4 to 96 1/2, while the 1926s were traded in at 97 1/4 to 97 1/2 and the 1931s at 98 1/2 to 99 1/4.

GLASGOW STRIKE CALLS LLOYD GEORGE HOME

There is Serious Trouble Among the Munition Workers in Glasgow.

London, March 31.—David Lloyd George, minister of munition, returned from France yesterday on account of the serious labor troubles among the Clyde munition workers.

David Lloyd George took charge of the situation at once. After receiving reports from the Clyde district he announced in the House of Commons yesterday afternoon that Arthur Henderson, labor member of the cabinet will go to Glasgow to confer with the labor leaders. Henderson will urge the strikers to abandon their opposition to conscription and certain features of the munitions act and bend every effort to help the government win the war. He will carry with him a message from leaders of machineists' organizations in England.

Glasgow, March 31.—Two prominent Socialist leaders, Maxton and Macdougall, were arrested yesterday charged with inciting munition workers to strike and were remanded to jail without bail. Their arrest caused greater excitement in labor circles than the firing of the agitators Wednesday. Impromptu indignation meetings were held by the strikers.

An Assassination.

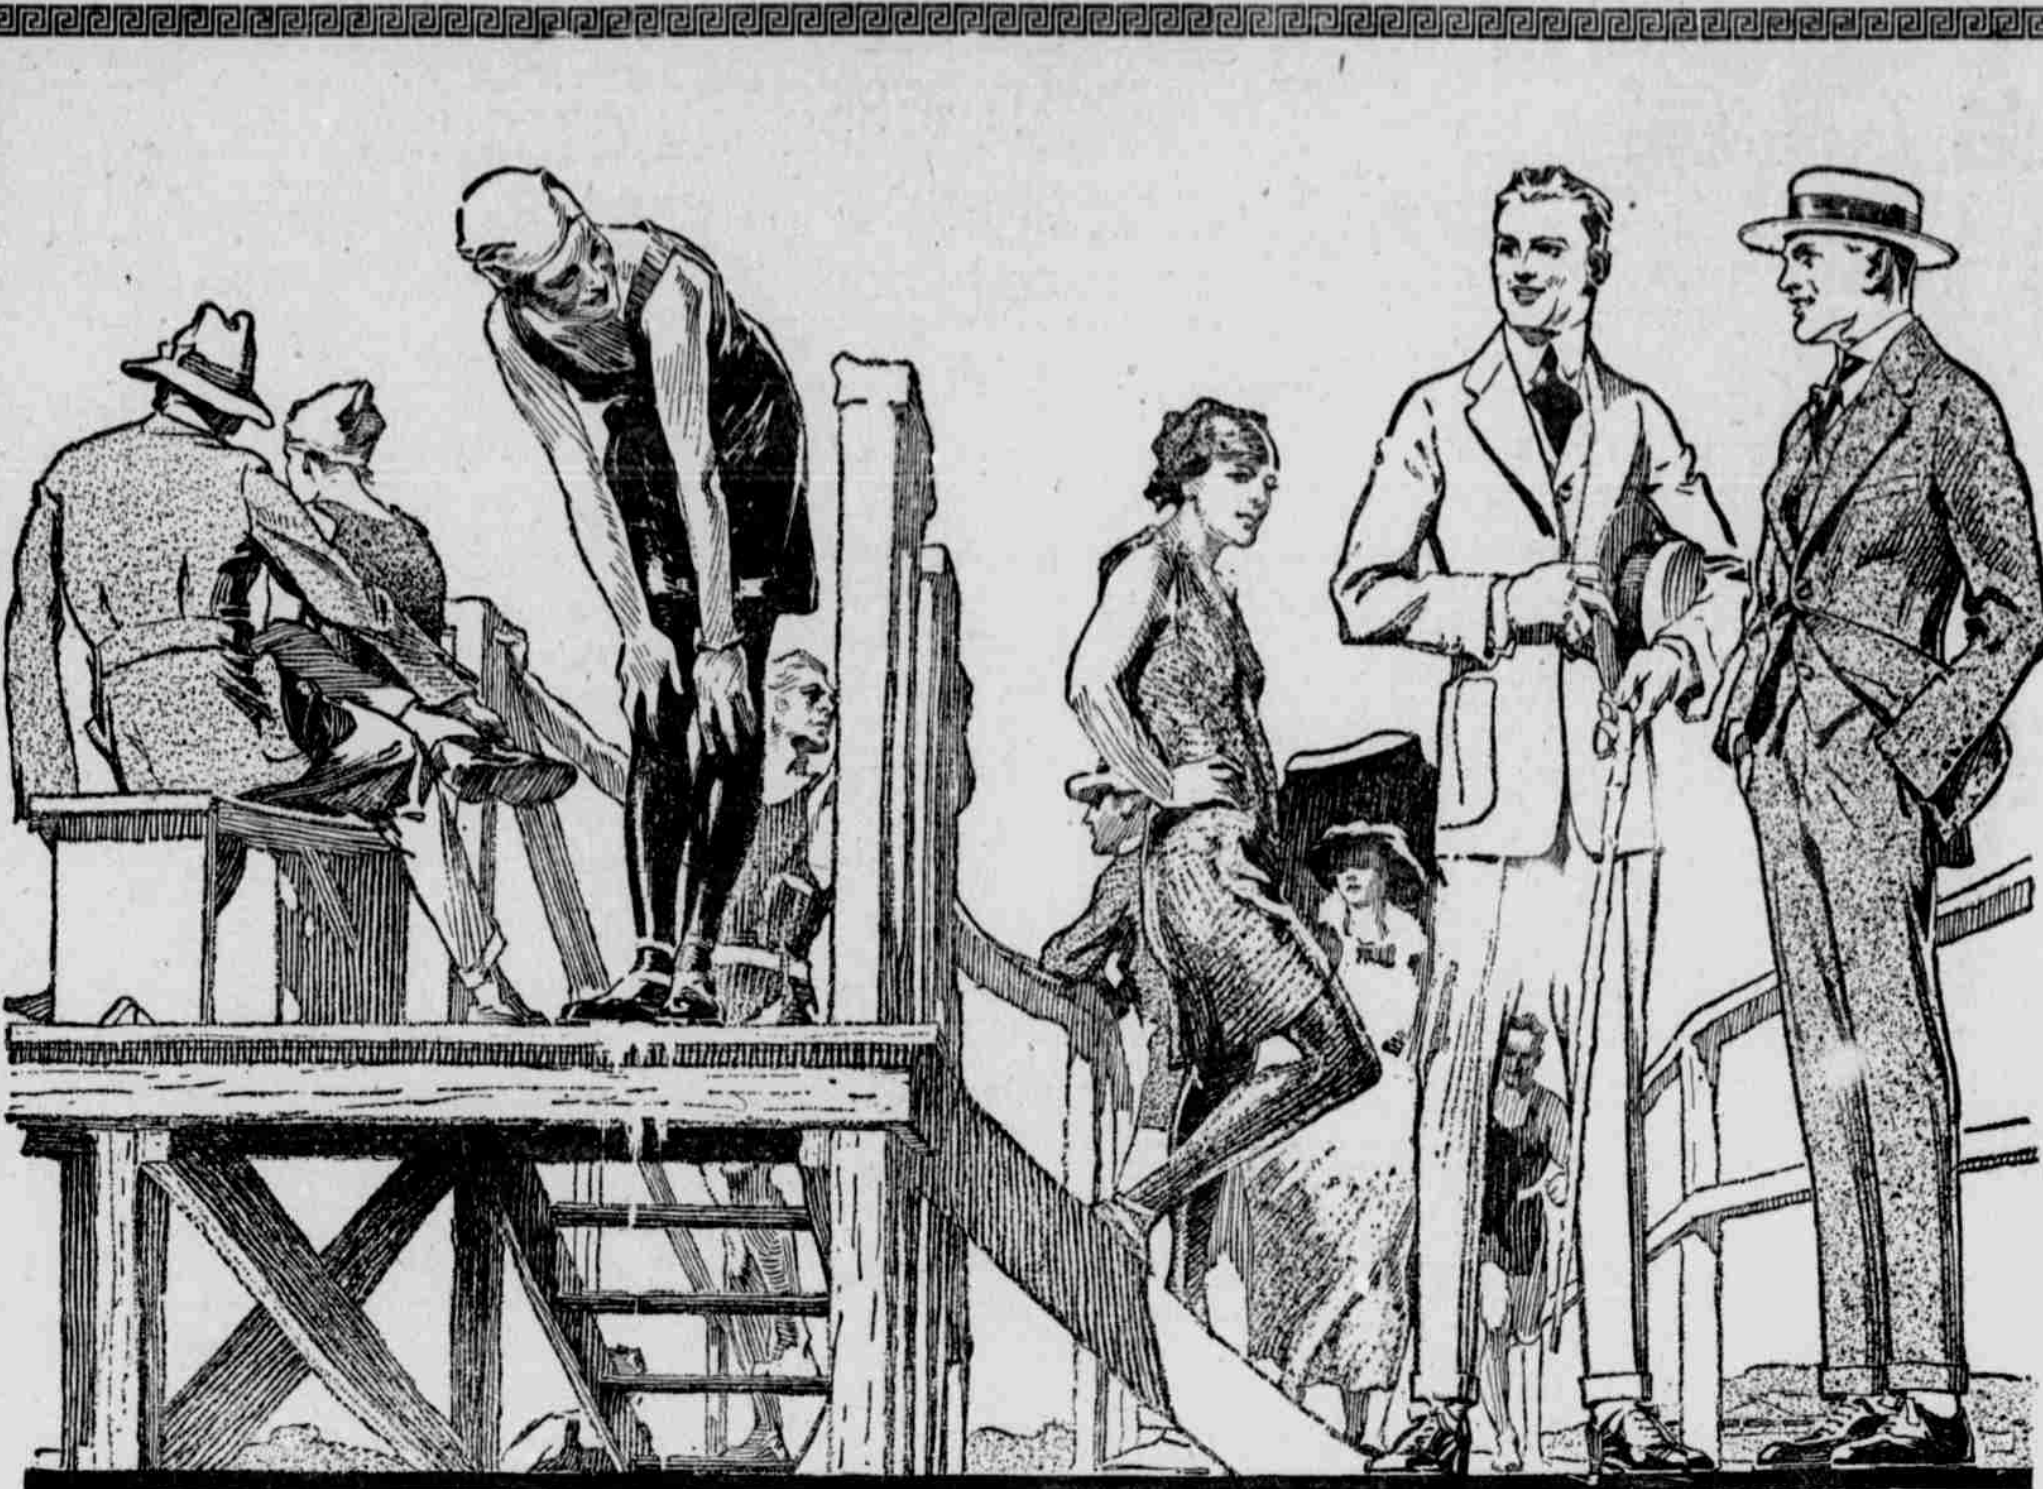

El Paso, Tex., March 31.—Alberto Rodriguez, the Carranzista mayor of Ojinaga, across the river from Presidio, was assassinated Thursday night, according to a message received in Juarez yesterday. The assassin escaped.

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes. Scott's is pleasant to take.

Have You Answered the Challenge Of "Dress-Up Week"

It's on this week, and some people call it "Fashion Week." It is the latest national institution, and a very worthy one.

Like "Paint-Up Week" and such events, "Dress-Up Week" is intended to stir things up; give a man a few thoughts about his duty to himself and his associates.

The purpose of "Dress-Up Week" is to remind you that maybe you need new clothes; that maybe you ought to take more interest in your appearance; that maybe your wife and children are tired of that old suit; that the new spring clothes are ready for you.

Now, don't say to yourself: "I am a practical business man, no time for fussing about clothes." If you feel that way, look around at some of the other practical business men of this town; see if some of them don't look more business-like because they do "fuss" a little about clothes.

The day has gone by when men are ashamed to dress well; nowadays we find that most all ages like the confidence given by wearing a well-cut, smart-looking suit or overcoat.

So take account of stock; look over the "stand-bys" and see if they haven't stood by you too long.

Take a little interest in the "dress-up" idea; we're ready to help you when you do.

RELIEF FROM PAIN
Remove pain misery as many thousands of others have done, by applying Minard's liniment, an old, reliable prescription. No other remedy acts so quickly or effectively. It is pure and antiseptic, wonderfully soothing, and is the most effective remedy for rheumatic pains, soreness and stiffness of joints and muscles, lameness, sore hands, tired, aching feet, pains in chest, sore throat, and for sprains, strains and bruises. You cannot afford to be without it, for its use is never disappointing, and it cannot possibly harm or burn the skin. Do not suffer—get a bottle of Minard's liniment from any drug store.

HYDROAEROPLANE HEIGHT RECORD MADE

United States Navy Lieutenant Climbs 16,072 Feet at the Pensacola Station.

Pensacola, Fla., March 31.—Lieutenant R. C. Sauley of the navy aeronautic corps, late Thursday, established what naval station authorities declared to be a new world's altitude record for a hydroplane, when he ascended 16,072 feet.

May Be Cronen's Body.

Milford, Conn., March 31.—Detectives are on the way to Milford from Chicago, it was learned yesterday to investigate a report that the body of a suicide found hanging in some woods in this town a week ago is that of Jean Cronen, a chief wanted in Chicago on a charge of poison-

ing soup served at a banquet there at which Bishop Mundelein of the Roman Catholic church was a guest.
